HONOURS FOR PHOTOGRAPHIC ACHIEVEMENT THROUGH EXHIBITION SYSTEM

(PRINTS, SLIDES, PROJECTED IMAGES AND DIGITAL IMAGES)

GENERAL

Honours are granted according to the results obtained in exhibitions. Requirements below, detail which exhibitions are allowed, and the varying Requirements in terms of numbers of acceptances, different titles, and in some cases awards, for each of the Honours.

There is **no time limit** to satisfying these Requirements on the acquisition of acceptances or awards.

Exhibitions: To be eligible for Honours, National Exhibitions must have approval from APS and Internationals Exhibitions must have approval from at least one of the following bodies:

APS – Australian Photographic Society

FIAP – The International Federation of Photographic Art

RPS – Royal Photographic Society

PSA – Photographic Society of America

PSNZ – Photographic Society of New Zealand

UPI – United Photographers International

GPU – Global Photographers Union

These Exhibitions are known as Approved Exhibitions. For Australian Nationals, where APS has given approval, this should be quoted. For **all** Internationals, the FIAP number or the PSA number (if not approved by FIAP) or if not approved by FIAP or PSA the other organisation's approval number must be quoted (e.g. RPS, PSNZ etc.). Both FIAP and PSA maintain historical listings of approvals on their websites. Where an exhibition has approval from one of the international exhibitions listed above, acceptances can be counted from only those **sections** of the exhibition that have approval/recognition.

Acceptances in Trans Tasman, 4 Nations, Allied Camera Clubs, Australian Interstate Photographic competitions or a limited section of an APS National Exhibition are NOT eligible. NOTE: Acceptances from 2015 & 2016 4 Nations exhibitions are eligible. Any exhibition that has an APS approval number is eligible. **If an exhibition shows Australia as the country but does not have an Australian Approval number, those acceptances and awards cannot be counted for Australian acceptances and awards.**

From 2000 onwards, acceptances and awards in sections of National Exhibitions which are not available to all entrants (e.g. novice or local) may not be counted.

Titles/Works: The pictures used in these submissions and identified by different titles must be significantly different. Titles also must not be similar i.e. Bird Flying, Birds Flying, Bird Flying 2, Bird Flying #1. If similar titles are inadvertently used they will be treated as the same image with just one title being accepted. Each image, captured by your camera, must be identified by only one distinctly different title, which must remain constant for its exhibition history. If that image is subsequently cropped or manipulated in any way it is still the same image and therefore has the same title. This includes a mono version of a colour image. So once an image has been accepted in a FIAP, PSA or APS

approved exhibition it may not be retitled. If it is found that this requirement has not been complied with, the Honour so obtained may be withdrawn.

Awards: Awards are defined as 1st, 2nd, and 3rd Placings, Trophies, Medals, Diplomas, Ribbons, Judge's Choice, Honourable Mentions, Certificates of Merit, or Highly Commended.
